RE: [REDACTED] v. DoHS/BMS
ACTION NO.: 26-BOR-1788

Dear [REDACTED]

Enclosed is a copy of the decision resulting from the hearing held in the above-referenced matter.

In arriving at a decision, the State Hearing Officer is governed by the Public Welfare Laws of West Virginia and the rules and regulations established by the Department of Human Services. These same laws and regulations are used in all cases to ensure that all persons are treated alike.

You will find attached an explanation of possible actions you may take if you disagree with the decision reached in this matter.

Sincerely,

Kristi Logan
Certified State Hearing Officer
Member, State Board of Review

Encl: Recourse to Hearing Decision

**WEST VIRGINIA OFFICE OF INSPECTOR GENERAL
BOARD OF REVIEW**

[REDACTED]

Appellant,

v.

Action Number: 26-BOR-1788

**WEST VIRGINIA DEPARTMENT OF HUMAN SERVICES
BUREAU FOR MEDICAL SERVICES,**

Respondent.

DECISION OF STATE HEARING OFFICER

INTRODUCTION

This is the decision of the State Hearing Officer resulting from a fair hearing for [REDACTED]. This hearing was held in accordance with the provisions found in Chapter 700 of the Office of Inspector General Common Chapters Manual. This fair hearing was convened on May 5, 2026.

The matter before the Hearing Officer arises from the March 4, 2026, decision by the Respondent to deny medical eligibility for Long Term Care Medicaid.

At the hearing, the Respondent appeared by Terry McGee, Bureau for Medical Services. Appearing as a witness for the Respondent was Melissa Grega, Acentra Health. The Appellant was self-represented. Appearing as a witness for the Appellant was [REDACTED] her daughter. The witnesses were placed under oath and the following documents were admitted into evidence.

Department's Exhibits:

- D-1 Notice of Denial dated March 4, 2026
- D-2 Bureau for Medical Services Provider Manual §514.5
- D-3 Pre-Admission Screening dated March 3, 2026
- D-4 Medication List and Physician's Orders

Appellant's Exhibits:

None

After a review of the record, including testimony, exhibits, and stipulations admitted into evidence at the hearing, and after assessing the credibility of all witnesses and weighing the evidence in consideration of the same, the Hearing Officer sets forth the following Findings of Fact.

FINDINGS OF FACT

- 1) The Appellant applied for Long Term Care Medicaid benefits.
- 2) On March 3, 2026, a Pre-Admission Screening (PAS) was completed for the Appellant to determine medical eligibility for Long Term Care Medicaid (Exhibit D-3).
- 3) The Appellant was awarded no deficits on the March 2026 PAS (Exhibit D-3).
- 4) The Respondent sent a notice on March 4, 2026, advising the Appellant that the documentation did not reflect at least five deficits at the level required, therefore eligibility for Long Term Care services was denied (Exhibit D-1).

APPLICABLE POLICY

Bureau for Medical Services Policy Manual Chapter 514 explains eligibility for nursing facility services:

514.5.1 Application Process

An application for nursing facility benefits may be requested by the resident, the family/representative, the physician, or a health care facility. The steps involved in approval for payment of nursing facility services are:

- The financial application for nursing facility services is made to the local State office; and
- The medical eligibility determination is based on a physician's assessment of the medical and physical needs of the individual. At the time of application, the prospective resident should be informed of the option to receive home and community-based services. The Pre-Admission Screening (PAS) assessment must have a physician signature dated not more than 60 days prior to admission to the nursing facility. A physician who has knowledge of the individual must certify the need for nursing facility care.

514.5.2 Pre-Admission Screening (PAS)

The PAS for medical necessity of nursing facility services is a two-step process. The first step (Level I) identifies the medical need for nursing facility services based on evaluation of identified deficits and screens for the possible presence of a major mental illness, mental retardation, and/or developmental disability. The second step (Level II) identifies if the individual needs specialized services for a major mental illness, mental retardation, and/or developmental disability.

514.5.3 Medical Eligibility Regarding Pre-Admission Screening

To qualify medically for the nursing facility Medicaid benefit, an individual must need direct nursing care 24 hours a day, seven days a week. The State has designated a tool known as the Pre-Admission Screening (PAS) form (Appendix B) to be utilized for physician certification of the medical needs of individuals applying for the Medicaid

benefit. An individual must have a minimum of five deficits identified on the PAS. These deficits will be determined based on the review by the State/designee in order to qualify for the Medicaid nursing facility benefit. These deficits may be any of the following (numbers represent questions on the PAS form):

- #24: Decubitus – Stage 3 or 4
- #25: In the event of an emergency, the individual is c) mentally unable or d) physically unable to vacate a building. a) independently and b) with supervision are not considered deficits
- #26: Functional abilities of the individual in the home.
 - Eating: Level 2 or higher (physical assistance to get nourishment, not preparation)
 - Bathing: Level 2 or higher (physical assistance or more)
 - Grooming: Level 2 or higher (physical assistance or more)
 - Dressing: Level 2 or higher (physical assistance or more)
 - Continence: Level 3 or higher (must be incontinent)
 - Orientation: Level 3 or higher (totally disoriented, comatose)
 - Transfer: Level 3 or higher (one person or two persons assist in the home)
 - Walking: Level 3 or higher (one person assists in the home)
 - Wheeling: Level 3 or higher (must be Level 3 or 4 on walking in the home to use, Level 3 or 4 for wheeling in the home.) Do not count outside the home.
- #27: Individual has skilled needs in one of these areas – (g) suctioning, (h) tracheostomy, (i) ventilator, (k) parenteral fluids, (l) sterile dressings, or (m) irrigations
- #28: Individual is not capable of administering his/her own medications

This assessment tool must be completed, signed and dated by a physician. The physician's signature indicates "to the best of my knowledge, the patient's medical and related needs are essentially as indicated." It is then forwarded to the State or its designee for medical necessity review. The assessment tool must be completed and reviewed for every individual residing in a nursing facility, regardless of the payment source for services.

DISCUSSION

To qualify medically for Long Term Care Medicaid, an individual must need direct nursing care 24 hours a day, seven days a week. The Respondent has designated a tool known as the Pre-Admission Screening (PAS) form to be utilized for physician certification of the medical needs of individuals applying for the Medicaid benefit. An individual must have a minimum of five deficits identified on the PAS.

The Appellant applied for Long Term Care Medicaid and a medical assessment was completed on March 3, 2026, to determine medical eligibility for the program. The Appellant was awarded no deficits on the March 2026 PAS.

The Appellant testified that she is very ill, has difficulty sleeping, experiences hearing loss and is unsteady on her feet. The Appellant stated she cannot live on her own. The Appellant's daughter, [REDACTED] testified that although she does not contest the findings of the PAS, her mother cannot live independently. [REDACTED] opined that the Appellant suffers from psychological problems as well as physical and another placement for her mother may be more appropriate.

The testimony provided failed to establish at least five functional deficits for the Appellant. Whereas the Appellant does not meet the medical eligibility criteria to receive Long Term Care services funded by Medicaid, the Respondent's decision to deny the Appellant's application is affirmed.

CONCLUSIONS OF LAW

- 1) An individual must have a minimum of five deficits as derived from the Pre-Admission Screening tool to be medically eligible for Long Term Care Medicaid.
- 2) The Appellant was awarded no deficits on the March 2026 Pre-Admission Screening.
- 3) The documentation and testimony failed to establish at least five deficits for the Appellant.
- 4) The Appellant does not meet the medical eligibility criteria for Long Term Care Medicaid.

DECISION

It is the decision of the State Hearing Officer to **uphold** the decision of the Respondent to deny Long Term Care Medicaid for the Appellant.

ENTERED this 6th day of May 2026.

Kristi Logan
Certified State Hearing Officer
